

# 2010 UMAP Fall Conference

## Workshop Preview

**Everything they need to know they learned in Preschool** – lead by Dr. Florie Babcock. Join us as we share what today's kindergartener's need to know in order to be successful. Learn the secrets to having preschoolers people are "crazy about."

**Math is fun!** – lead by Marilyn Groves. Math abounds in the classroom, in the home and into the neighborhood. Find ways to immerse math into normal routines and in multiple settings throughout the day!

**Go, Go Green** – lead by Kelly Mawhinney and Kim Sanders. Being a good steward of the earth will take on a new dimension as teachers and directors are inspired to cultivate a new plan for the reduced footprint their school and eager students will leave behind. Let's go green and spend time learning green basics that will all glorify the amazing earth that God created for us.

**Preparing for Kindergarten** – lead by Simone Fidy. Come take a look at some innovative activities and lessons that will help your preschoolers get ready for kindergartens.

**ABC's and number lessons in the Bible** – lead by Jacqueline Harrelson and Gina Ballard. Learn to teach numbers, alphabet, Christmas and Easter with Bible stories, songs, art and games. Become inspired as teachers to seek God's creative ideas to teach children and change lives.

**Rocks in My Head** – lead by Lina Lloyd. This virtually hands-on workshop will motivate educators of young children to incorporate rocks and minerals into the everyday curriculum. You will not leave empty-handed. Rock On!

**Positive Behavior Program** – lead by Mercy Nyman. Using the Pyramid Model of positive behaviors this session will equip you with easy to follow tools that will incorporate brain research and social-emotional competences.

**Tools for Toddler** – lead by Juelie Perry. Frustrated by young toddlers behaviors? Trying to keep terrible twos at bay? Learn fun, interactive ways to redirect behavior through songs, classroom setup and creation of a visual schedule.
